EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given by Kia Silverbrook on 3/2/05.

Amend the following claims:

15. (Currently Amended)

An apparatus according to claim ~~45~~ 1, in which said at least one parameter relating to the appliance use is associated with at least one zone of the form.

DETAILED ACTION

- This action is responsive to the following communication: Amendment After Final Filed on 2/8/05.
- Claims 17 and 19 have been canceled.
- Amendment to the specification filed on 2/8/05 has been received and acknowledged.

Response to Arguments

- Applicant's arguments, see pages 7, filed 2/8/05, with respect to claims 1 and 20 have been fully considered and are persuasive. The rejection of claims 1 and 20 have been withdrawn.

Allowable Subject Matter

- Claims 1-16, 18, and 20 are allowable.
- The following is an examiner's statement of reasons for allowance: The cited prior arts of record fail to teach and/or suggest: a printer device integrated into said appliance, the printer device being operatively interconnectable with said network computer system, the printer device including a printer module operable to print at least one form including a plurality of interactive elements, the form being delivered from said network computer system, and the printer device being configured to receive indicating data from a sensing device operated by an appliance user, the sensing device, when placed in an operative position relative to one of the interactive elements, generating the indicating data by sensing coded data associated with the interactive element, the indicating data being indicative of an identity of the form and the interactive element, and wherein the appliance includes an upper storage compartment and a lower storage compartment, each storage compartment accessible by way of a hinged door, the printer module provided in the door of the upper storage compartment, and the door of said lower storage compartment providing a collector arranged to receive a printed document exiting from said printer module when both said doors are in a closed position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.

Art Unit: 2624

Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
